Current topics for CEUs

Measurement Technology

Solutions for the Water/Wastewater Industry

Level, Pressure, Switching, Connectivity & Beyond

Presenter: **Dik Haz** (Vega Americas)

Fire Hydrant Maintenance

Brief Overview of Fire Hydrant Maintenance
along with Hydrant Hysteria Demonstration

Presenters: **Richard Lesma** (Clow) and
Matt Armstrong (M&H)

In addition to the valuable Training Sessions, there will be ample opportunity for Agencies to showcase their skills

HYDRANT HYSTERIA DEMONSTRATION

We're introducing a new skill challenge this year, a team event to test the competence of our water agency crews. Hydrant Hysteria is a competition that measures a two-person team's skill at assembling a hydrant quickly, completely and accurately. All parts must be assembled in the proper manner and the reassembled hydrant shall be tested by the judges for its ability to operate correctly. Because this is a new competition, it will be held as a demonstration event only, with times recorded but no prizes awarded. Agencies may have multiple teams. Contact Boyd Schultz at (949) 306-0714 if your agency wishes to compete. Space permitting, we will also register teams the day of the Expo. To participate, teams must be registered to attend the Operator Expo. To register, contact Bobby Young at byoung@lbcwd.org.

Our popular
HORSESHOE COMPETITION
returns for 2021.
We have space for
multiple teams
- especially women!

There's still space available for Horseshoe competitors – **especially womens teams!** There is a limit of two teams per Agency with two contestants per team. It is a single-elimination competition. Complete contest rules are available on www.OCWater.org. To participate, teams must be registered to attend the Operator Expo. To register, write Bobby Young at byoung@lbcwd.org.

PIPE TAPPING DEMONSTRATION

This is the 13th year we've hosted pipe tapping. However, due to Covid restrictions this year we will only hold time trials, not a true competition. We will still follow the same rules as the AWWA competition. Each team will be given two chances. All material – except the tapping machine – will be provided by OCWA. Agencies may have multiple teams. Contact Boyd Schultz at (949) 306-0714 if your agency wishes to compete. To participate, teams must be registered to attend the Operator Expo. To register, contact Bobby Young at byoung@lbcwd.org.

Companies committed to exhibit so far include:
Advanced Valve Technologies • Bavco • Clow Valve Co.
CLA-VAL • Delco Sales, LLC • Ferguson Waterworks
GSM • H2O Management • Mainline Sales Inc.
