

# NETWORKING

OCWA is investing in the growth of emerging professionals in Orange County to help fortify the future of our local water industry. Please join us for a networking bingo night to meet and get to know professionals within the water industry. Although these events will be designed to benefit professionals with 0-10 years of experience, all professionals are welcome to attend.

**To register, please see the following link: [www.ocwater.org](http://www.ocwater.org). For more information regarding the event, please reach out to Michelle Little at [mlittle@mknassociates.us](mailto:mlittle@mknassociates.us). Bingo night winners will be entered into a raffle to receive an Amazon gift card. We look forward to meeting everyone!**
