---

The El Toro Water District provides high quality drinking water, reliable wastewater collection and treatment, and recycled water for approximately 50,000 people in the City of Laguna Woods and neighboring cities. The Operations Division includes seven sections: Transmission & Distribution, Pump Stations, Vehicle Maintenance, Field Customer Service and Wastewater Treatment, Regulatory and Electrical. The Superintendent of Operations plans, organizes, manages, and directs the work of the 39 employees who support construction, maintenance, repair and operation of the District water, wastewater and recycled water systems. The ideal candidate is an effective and inspirational leader who helps employees achieve their professional goals. They are adept at creating and managing budgets and enjoy working in an innovative, team-oriented environment. Requires 10 years of experience in the construction, maintenance, repair, and/or operation of water distribution, sewer collection and/or sewer treatment facilities, and 5 years of supervisory experience. Also requires D4/T2 certification. A Bachelor's degree and D5 certification are desired.

Salary \$115,851-\$162,207 + benefits.
